VISION

PRODUCT INFORMATION

Brinell hardness

Not all woods are equally hard. For rooms with a high degree of wear and tear we suggest using strips made of a harder timber. The chart below compares the hardness of different species.

WOOD TYPE

American walnut – 2.8 kg/mm ²	Danube oak – 3.5 kg/mm ²	Merbau – 4.9 kg/mm ²
American cherry – 2.8 kg/mm ²	Ash – 3.5 kg/mm ²	Jatoba – 6.5 kg/mm ²
Steamed beech – 3.3 kg/mm ²	Acacia – 4.8 kg/mm ²	
Oak – 3.5 kg/mm ²	Maple – 4.8 kg/mm ²	

THE DATA IS INFORMAL

Content set-up

Three glued with a hard surface.

Surface treatment

- lacquered
- mat lacquered
- coloured
- natural-oiled
- ready-made oil finish
- brushed
- bevelled
- unfinished
- limewashed

Info

If you have special inquiry in connection with surface treatment, please contact befagsales@bakonyerdo.hu

Size

- size of parquet: length × width × thickness = 2200 mm × 192 mm × 14 mm
- one bundle = 6 boards parquet = 2.534 m² | = 2200 mm × 192 mm × 14 mm
- weight of parquet: about 8 kg/m²

We give 21 year guarantee for all our products.

 = floor heating  = oiled
